April 21, 2008

Dear Todd Currie,

We would like to take this opportunity to introduce you to the Northeast Book Company, Inc. We are a locally-owned and operated business with over 20 years experience in the used/reconditioned textbook industry. We are dedicated to providing local schools with high-quality textbooks at reasonable prices. Additionally, we purchase surplus textbooks at competitive prices.

As a local company, we understand the pressures facing area districts to provide first-rate education within the confines of strained budgets. With the cost of fuel and health care rising at alarming rates, and taxpayers fervently fighting budget increases, districts are forced to find alternative ways to provide the services their students need. This is where the Northeast Book Company can help.

The Northeast Book Company will:

- 1) Provide fill-in and replacement books discounted significantly off of publishers' list prices.
- 2) Purchase surplus textbooks from your schools, generating additional funds for your budgets. This can be done for a single title, an entire school or on a district-wide level.

We ask that you pass along the enclosed information about the Northeast Book Company to the decision makers at your schools. We also encourage you to give us a call at (518) 527-2576 to discuss how the Northeast Book Company can help your district maximize its textbook budget.

Thank you in advance for your assistance. We look forward to working with you in the future.

Sincerely,

Sean Abate
